What is Sunway ESS battery energy storage system (BESS)?

Sunway Ess battery energy storage system (BESS) containers are based on a modular design. They can be configured to match the required power and capacity requirements of client's application. Our containerised energy storage system(BESS) is the perfect solution for large-scale energy storage projects.

How much does an ESS system cost?

Increased competition in the commercial ESS space Government incentives (e.g.,tax credits in the U.S. and Europe) make systems more affordable. For example,in 2022,a 100 kWh system could cost \$45,000. By 2025,similar systems could sell for less than \$30,000,depending on configuration.
