

Expected ROI of residential ESS project in Sweden 2025

How big is the residential real estate market in Sweden?

Learn more The Residential Real Estate market in Sweden is anticipated to reach US\$3.36tn by the year 2025. It is projected to exhibit a compound annual growth rate (CAGR 2025-2029) of 3.09%, leading to a market volume of US\$3.79tn by 2029.

Will the Swedish real estate market recover in 2025?

Recovery is still slow, but the gradual uptick in exports and domestic demand aided by falling inflation and interest rates will drive growth in 2025. The Swedish real estate investment market recovered in 2024 through the return of larger lot size deals, and total investment reached SEK 138.5 billion in 2024, up 66% year-over-year.

How did the Swedish real estate market perform in 2024?

Domestic investors were again active in the Swedish real estate market, closing 90% of the total volume, and the listed real estate companies and all-equity investors were deploying more capital into real estate. The bond and financing market opened for business in the second quarter of 2024, even though, in a selective manner.

Will the Swedish housing market rebound in 2025?

The housing market's rebound is projected to extend well into 2025. Most forecasts predict Swedish property prices will rise by 2% to 5% this year, buoyed by recovering sales activity and improving buyer confidence as interest rates stabilize, despite persistent global economic uncertainty.

What factors contribute to the development of residential real estate in Sweden?

Underlying macroeconomic factors also contribute to the development of the Residential Real Estate market in Sweden. The country has a stable economy with low unemployment rates and a strong social welfare system.

Will investment activity increase in the Swedish investment market in 2025?

Investment activity in the Swedish investment market is anticipated to increase by 10% in 2025, driven by the ahead-of-the-curve rate cutting trend from the Riksbank and the continued favorable funding environment and active domestic capital base.
