

Government procurement price of home energy storage in Saudi Arabia

How much is Saudi Arabia's energy storage system project worth?

The engineering, procurement and construction (EPC) contracts for the three energy storage system projects recently awarded in Saudi Arabia are estimated to be worth over \$800m.

How much battery storage will Saudi Arabia be able to deploy?

According to recently reported remarks from energy minister Prince Abdulaziz bin Salman Al Saud from an event held in the Kingdom, the country is targeting the deployment of 48GWh of battery storage by the end of this decade.

How many GWh of electricity will be installed in Saudi Arabia?

According to Sungrow, each project will have a capacity of 2.6GWh, totalling 7.8GWh. The three storage projects are located in Najran, Madaya and Khamis Mushait in Saudi Arabia. Sungrow added that deliveries are expected to commence this year, and the grid connection is anticipated by 2025.

How many energy storage projects will a bidder sign with SPPC?

The selected bidders will sign 15-year energy storage service agreements with SPPC for four 500MW/2000MWh BESS projects. The bidders will retain 100% ownership of their special purpose vehicle (SPV) projects. The four upcoming energy storage projects, all identical in scale, are strategically located within Saudi Arabia.

Can Saudi Arabia reach a 50% goal with a Bess procurement programme?

SPPC said on Monday that the newly launched BESS procurement programme will enable Saudi Arabia to reach that 50% goal, with the current tender representing the first tranche of solicitations. The locations for the four BESS facilities, dubbed independent storage projects (ISPs) by SPPC, have been decided.

Which solar-plus-storage system has been approved by the NSW Independent Planning Commission?

Developer Leeward Renewable Energy's (LRE) 126MW/504MWh Antelope Valley battery energy storage system (BESS), located in Kern County, California, has reached commercial operations. OX2's 270MWh Muswellbrook solar-plus-storage site has been approved by the NSW Independent Planning Commission, subject to conditions.
