

Home battery pack project financing options in Guernsey 2026

How many solar panels are installed in Guernsey?

Since 2013, we've installed over 3.1 megawatts of energy generation capacity, equating to over 7,000 solar panels, all of which contribute to the States of Guernsey's ambitious net zero 2050 targets. We partner with brands like Moxon SunPower and SolarEdge, giving clients access to the most trusted names in the industry.

How many panels should a Guernsey home have?

A typical Guernsey home has at least one roof that faces east, south or west, or a flat roof that may be open to all the sun's orientations. From a few panels to four panels or more and typically 6 to 10 panels, you can maximise your generation by maximising your roof spaces.

Is battery storage a risky investment?

Firstly, the nascent nature of energy storage technology means that fixed income lenders and senior debt providers are naturally risk averse. Battery storage has less of a track record than other renewable energy assets such as solar and wind power.

Whether you're reroofing, retrofitting, or designing from scratch, we create high-end solar systems tailored to your home. From sleek, roof-integrated panels to high-output over roof panels, our bespoke solutions combine cutting-edge ...
