

Office building energy storage supplier quotation in Guernsey 2026

What is the energy strategy for Guernsey?

The Electricity Strategy for Guernsey covers the period up to 2050. The Committee for the Environment & Infrastructure considered several different ways in which Guernsey could meet its future demand including solar, wind, tidal, additional interconnectors, energy storage and alternative fuels.

Why should you invest in Guernsey power supplies?

Our focus is on driving continuous improvement in power supplies that are: Sustainable for future generations. Safe and reliable for everyone. High in quality and cost-effective for consumers. By balancing innovation with accountability, we aim to support a market that powers Guernsey's homes and businesses efficiently and responsibly.

Why should I buy an electricity licence in Guernsey?

High in quality and cost-effective for consumers. By balancing innovation with accountability, we aim to support a market that powers Guernsey's homes and businesses efficiently and responsibly. Fees payable by electricity licensees, including licence application fees. Details of all electricity licences currently in issue.

How can Guernsey support a vibrant economy?

Supporting a vibrant economy - A clean, reliable, and affordable energy supply is a fundamental economic enabler. Establishing an environment for the development of on-island (including offshore) renewables will support the diversification and vibrancy of Guernsey's economy.

What is the energy transition in Guernsey?

In Guernsey, we currently rely on fossil-fuel based systems of energy production and consumption and operate a thermal power station. However, it is recognised that as part of the response to climate change, there is a need to transition to an energy mix with limited, if not zero carbon emissions. This is often referred to as the energy transition.

Does Guernsey Electricity need a 'accounting unbundling' exercise?

Guernsey Electricity will be required to undertake an 'Accounting Unbundling' exercise which involves separating the accounts associated with various activities undertaken within the business. This is needed to ensure transparency and fairness within the market.
