

Solar Energy Corp of India (SECI) has concluded its tender for 2 GW of solar with 1 GW/4 GWh of storage capacity at a final average price of INR 3.52 (\$0.041)/kWh.

The Swissolar report includes six recommendations for policymakers, grid operators, and the industry. It states decentralized BESS should be assigned an appropriate ...

India's state-owned NHPC is tendering 1.2 GW of solar generation capacity collocated with 600 MW/2.4 GWh of energy storage. An additional PV capacity up to 1.2 GW collocated with energy storage is ...

NTPC Renewable Energy (NTPC REL) has invited bids to set up 1,200 MW interstate transmission system (ISTS)-connected solar power projects integrated with a 600 MW/2,400 MWh (600 MW x 4 hours) energy ...

Developers must be able to supply 3,000 kWh of electricity per megawatt alternating current (MWac) of installed solar PV capacity during the specified peak periods. ...

From ESS News Public procurements in China continue to demonstrate exceptionally low price levels for lithium-ion phosphate (LFP) battery energy storage systems (BESS). In the latest tender, more ...

Tenders Issued New RFS Issued: About 5100 MW of RE tenders was issued in March 2025. NHPC issued a 1200 MW ISTS-connected photovoltaic solar energy tender with 600 MW/1200 ...

From ESS News The rapid decrease in lithium ion battery prices seen in previous years is likely to be slowed down in 2025 due to an uptick in battery material costs. These will in turn be partly ...

Volatile energy prices and the popularity of photovoltaic self-use have driven demand for residential energy storage, which is expected to continue to grow through 2030. In addition, Germany plans to hold its first capacity market ...

The tender allowed for technological flexibility, enabling the bidders to use crystalline silicon, thin-film, or concentrated photovoltaic modules, with or without trackers.

A February 2025 notification by the Ministry of Power (MoP) further emphasizes this importance by mandating a minimum of 2-hour co-located ESS, equivalent to 10% of the ...

Swiss government agency Pronovo has unveiled guidelines for the upcoming auction for PV installations over 150 kW, which will run from April 17 to May 1, 2025.

The last date to submit your bid for this tender is 14 Oct 2025. This tender is for the companies working with Solar installation, Solar photovoltaic modules, Photovoltaic cells and similar areas.

[SMM Analysis] On June 19, 2025, the Solar Energy Corporation of India (SECI) issued a Request for Selection (RfS) document, initiating a competitive tendering process. ...

The Dubai Electricity and Water Authority (DEWA) has launched a tender for the seventh phase of the Mohammed bin Rashid Al Maktoum Solar Park, which could add up to 2 GW of PV capacity and 1 GW/6 GWh of battery ...

KenGen has launched a large-scale solar-plus-storage tender in Kenya. The invitation to tender says the utility plans to select up to seven firms for the design, supply, construction, installation, testing and commissioning of the ...
