

# Successful bid price of rooftop solar storage project in Hungary 2025

How much solar capacity does Hungary need?

Hungary has set a target of 12 GW of solar capacity by the start of the next decade. However, grid capacity shortfalls have been dire, hampering primarily the rollout of large-scale solar. The country's revised National Energy and Climate Plan envisages the construction of a total of 1 GW of storage capacity by 2030.

Why did solar market expectations drop in 2025?

The wavering corporate Power Purchasing Agreement (cPPA) market also contributes to the reduced solar market expectations, with 2025 bringing a 41% drop between deals signed between Q1 and Q2.

Is solar a good investment for Europe?

The analysis comes as solar's performance for Europe hits the headlines. According to Ember, for the first time, solar delivered most of the EU's monthly electricity in June. The UN reports that renewable energy drives one third of EU economic growth. IRENA tells us that solar is 41% cheaper than the lowest-cost fossil fuel alternatives.

How has auction-deployed solar boosted confidence?

Since 2022, improved auction design has helped restore confidence, with 2024 seeing a record 20 GW of utility-scale solar awarded across the EU. Hybrid and co-located storage projects, especially in Germany and Bulgaria, are playing a driving role in boosting auction-deployed solar.

What will Solar do in 2025?

In 2025, the segment will likely contribute to around half of all new capacity additions. Since 2022, improved auction design has helped restore confidence, with 2024 seeing a record 20 GW of utility-scale solar awarded across the EU.

Which countries are experiencing a decline in the residential rooftop market?

For most of these markets, the withdrawal of incentive schemes without adequate replacements is resulting in a residential rooftop market collapse of over 60% compared to 2023. Similarly, Poland, Spain, and Germany are experiencing a decline of over 40%.

The National Capital Region Transport Corporation (NCRTC) has invited bids to set up 3 MW rooftop solar projects in the Delhi-Ghaziabad-Meerut Namu Bharat Corridor. ...

When you think of photovoltaics, the image that often comes to mind is a roof adorned with solar panels. These essential products remain at the core of our offerings at Solar& Solar, a leader in the solar wholesale market. However, our ...
