

# Total investment cost of residential ESS project in Dominican

How much does construction cost in the Dominican Republic?

Hard costs vary, but there are big ticket items that affect them. In general, it is safe to assume that construction costs in the Dominican Republic can be found between \$725-\$850 USD per square meter. Many buyers in the Dominican Republic are looking for homes with 2-3 bedrooms. Living, dining, and kitchen are often combined into one larger space.

Why is interest in the Dominican Republic's real estate market increasing?

Interest in the Dominican Republic's real estate market is increasing quickly, following a short-lived downturn due to pandemic-related travel restrictions.

How many bedrooms do you need in a Dominican Republic home?

Many buyers in the Dominican Republic are looking for homes with 2-3 bedrooms. Living, dining, and kitchen are often combined into one larger space. Because of this, outdoor living areas such as covered terraces and kiosks will become the most popular places in any tropical house.
