

Turnkey wind solar storage EPC contract price in Romania

Are wind and solar power projects eligible for subsidies in Romania?

Wind and solar power projects with a combined capacity over 1.5 GW in Romania are eligible for subsidies under a contract-for-difference (CfD) scheme. The first round of auctions resulted with ten and eleven winning bids, respectively.

How does Scatec finance a solar plant?

The estimated total capital expenditure (capex) for the solar plant is EUR 140 million, to be financed by non-recourse financing and equity from Scatec and partners, with a targeted leverage of approximately 75%. Financial close and construction start for the solar plants is expected in the second half of 2025.

When will Scatec start building solar plants?

Financial close and construction start for the solar plants is expected in the second half of 2025. Scatec will have a 65% ownership stake in the solar plants and procure key components for the project, comprising about 30% of total capex.
