

The contractor on the project will be LG Energy Solution Wroclaw. The Polish unit of the Korean battery maker won the project tender offering the price of PLN 1.555 billion (\$384 million). On Monday, LG Energy ...

U.S.-based Fluence Energy has launched its latest grid-scale battery energy storage system (BESS) solution Smartstack, featuring an innovative design that facilitates ...

The commissioning is a new development for utility-scale BESS in Malaysia. The country is turning to energy storage and other forms of renewables to meet its population's ...

Joel Santos, minister of energy and mines in the Dominican Republic, announced a goal of 300 MW of battery energy storage systems (BESS) by 2027 during a speech at a Caribbean energy forum.

The reality is that storage, a fundamental component of the energy transition, is likely to expand at an even faster pace than the current estimates. 1 For example, McKinsey predicts that utility-scale battery storage ...

A report by JMK Research in 2023 commented on the rise of grid-scale energy storage systems (ESS) via demand-driven tenders, and how this was becoming important for the grid integration of renewables.

In what is described as the largest energy storage procurement in China's history, Power Construction Corporation of China (PowerChina) is targeting an unprecedented cumulative storage capacity of 16 GWh. The bids ...

The ability to replicate successful tender types and introduce novel tender designs will define the trajectory of utility-scale renewable energy tendering in India. SECI's offshore wind and concentrated solar tenders will unlock their ...

Figure 1: Utility-scale "Solar + ESS" tender auctions in India Source: Tendering Authorities, JMK Research  
The recent "Solar + ESS" auction results highlight the growing ...

From ESS News Public procurements in China continue to demonstrate exceptionally low price levels for lithium-ion phosphate (LFP) battery energy storage systems (BESS). In the latest tender, more ...

The latest results follow in the footsteps of recent procurements which saw similarly low prices. In December, PowerChina's 2025-2026 energy storage system procurement, which sought 16 GWh of BESS, saw bids ...

Our cutting-edge AI-powered technology, Black, continuously scans and monitors hundreds of thousands of news and tender sources worldwide, uncovering tender and bidding opportunities ...

India's Standalone Energy Storage Systems (ESS) are becoming the backbone of India's utility-scale ESS auctions, accounting for 64% of the total tenders issued between ...

Standalone Energy Storage Systems (ESS) are becoming the backbone of India's utility-scale ESS auctions, accounting for 64% of the total tenders issued between January and March 2025 alone, according to a new ...

Empresa de Generaci&#243;n El&#233;ctrica Punta Catalina (EGEPC), the Dominican Republic's power utility, has launched a tender for a 40 MW solar plant aimed at self-consumption.

The world's biggest battery maker unveiled its latest utility-scale battery energy storage product- the Tener Stack - at the Smarter E show. The 9 MWh system supports both centralized and ...
